

Orach Technic Pro 7.22

Our all Font Families from Orach Technic Systems

Orach Technic Pro 7.22 (24,560 Glyphs)

As a multilingual font, it supports the world's most important scripts and languages, while its multi-technical design enables direct use across all major production methods from printing to engraving, with 6,140 glyphs in four styles.

Orach Technic CJK (30,740 Glyphs)

Opens a completely new and extensive world of characters and ideogram while remaining fully compatible with the Orach Technic Pro font family.

Total 7,685 Glyphs available across all four styles with 30,740 Glyphs.
Combined with Orach Technic Pro, it creates the world's only technical font system for all major writing systems.

Orach Technic STENCIL Pro (9,372 Glyphs)

Three styles with 3.124 Glyphs (characters) in one style, and a total of 9.372 Glyphs makes the world technique balanced and better.

The Orach Technic Pro STENCIL font family opens up new possibilities in the world of technology, CNC and Lasers machines. It is also unique in that different letter sizes can be cut on a CNC machine with the same tool without any modification of the font. Together with the Orach Technic Pro font, it certainly forms the most complex package fonts in the field of CNC and laser machine technology.

Orach Technic Pro POLYLINE - Thin (4,500 Glyphs)

Orach Technic Pro POLYLINE-Thin is a special polyline .ttf version of the Orach Technic Pro-Thin font, developed for CAD/CAM, CNC and technical applications.

Orach Technic Pro 1L - Pass 1 OTF (5,845 Glyphs)

Single-line engraving fonts can be implemented in the OpenType format only as special hybrid solutions. As a result, they do not fully conform to the original purpose of the OpenType standard and may exhibit certain limitations or compatibility issues in some graphic, CAD/CAM, and CNC applications but for many users, however, these limitations are acceptable in practice.
This font may be beneficial when producing extremely small text.

Orach Technic Pro 1L - Pass 2 OTF (5,845 Glyphs)

Fonts were developed as specialized alternatives to our standard Orach Technic Pro – Thin font, which already provides a reliable solution for virtually all engraving and marking applications in CNC and laser technology extremely small text.

Orach Technic Pro 1L - Separatly Glyphs (23,380 Glyphs)

Each of the 5,845 characters is supplied separately as an individual vector or polygon file, complete with all the elements required to create the character.
Available in PDF, EPS, PLT, and SVG formats.

*** Total Orach Technic Pro System: 105,242 Glyphs**
